SHOES—ALEXANDER.

The Difference

In the cost of Shoes that fit and those that do not is nothing. The difference in the wear and comfort is everything. The reason some stores cannot give you a good fit is simply because they do not carry enough stock to have all widths and shapes.

Island University Class. The university class will be organized on the island on Monday night in the Parish House of the Episcopal church, at 7:30 sharp. All members desiring enrollment in this class and others desiring membership are urged to be present.

Got Eighteen Months. Dick Davis, the colored man who made a frightful assault upon his wife in Bellairs because she could not give him money, not having received her earnings for the week at the time of the demand, was taken to the penitentiary Friday to serve a term of eighteen months. The fellow is really fortunate in getting off with that, as he deserved it all. The wife recovered, but for a time it was doubtful if she would.

Fire Alarm Boxes. Fire Chief Klieves is spending his odd moments inspecting the fire alarm boxes, and making necessary repairs. So far he has found twenty boxes needing his attention, and has put them in good shape. Some needed inspection badly, their mechanism being almost hidden by dirt, and further neglect might have rendered them useless when wanted.

Mad Dog Scare at Benwood. The mad dog scare struck Benwood good and hard last night. A vicious looking hound paid the town a visit about 8 o'clock, and promptly started out to sample the town. He was very savage, snapping at people left and right, and many of the natives were thinking of taking to the hills, when Officer Garey ended the canine's life, but it took three bullets to accomplish the work, and the dog even snapped at the revolver. After two bullets from the revolver, Officer Garey got a shot in the head with this weapon he put the canine's light out in a hurry. It is not certain that the dog was mad, but it was a savage brute and the town is well rid of its existence.

Col. S. T. Hooton Honored. Saturday's Pittsburgh Dispatch contains the following notice of a presentation to Col. S. T. Hooton, who is well-known in Wheeling:

Postmaster J. C. O'Donnell entertained a party of postoffice officials at a planked shad dinner at Newell's last evening, the guest of honor being Colonel S. T. Hooton, the popular inspector, who has been transferred to Washington that he may be near his family in Baltimore.

Postmaster Isaac R. Stayton and his assistant, Clarence C. Moore, of Allegheny; Assistant Postmaster Thomas J. Hudson, of Pittsburgh; Inspectors D. C. O'Connell and W. W. Dickson and other department chiefs of the local office were present. Complimentary speeches about Colonel Hooton were made, and a fine silk umbrella was presented him as a souvenir. He leaves this morning, and everybody regrets his going except postal malefactors.

ON THE FENCE

Not the Mayor, but His Horse Got There Yesterday.

Like ordinary mortals, His Honor Mayor Butts has a fondness for driving out the pike in good weather. His pastime yesterday morning was not without incident, and a peculiar one at that.

His horse became frightened at a motor near Elm Grove, and suddenly flying off at a tangent made for a wire fence to the side of the road, but succeeded only in leaping half way over. As the wire was strong and did not give way the animal was "suspended in mid-air" for several minutes, and before it could be rescued part of the fence had to be cut down. The horse was badly lacerated by the barbed wire, but His Honor, with one arm around his little boy, and his strong right holding the reins, was right side up with care. He will do business at the justice counter this morning the same as usual.

Rocked on the Crest of the Waves. The landman, tourist or commercial traveler, speedily begins, and not only begins, but continues, to feel the extreme of human misery during the transit across the tempestuous Atlantic.

But if with wise prescience, he has provided himself with a supply of Hostetter's Stomach Bitters, his pangs are promptly mitigated, and then cease ere the good ship again drops her anchor. This is worth knowing, and thousands of our yachtsmen, summer voyagers, tourists and business men do know it.
